Medical.

DR. J. C. YOUNG,

Medical and Surgical INSTITUTE.

*** CONSULTA[illegible] IN ALL CASES, FREE*

*** CURES GUARANTEED OR NO PAY REQUIRED*

*** IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED*

The above rules, established by Dr. J C Young in 1856, and which have done so much to secure the reputation of this Institute, are still adhered to, affording those in need of medical aid, the certainty of cure and the utmost confidence.

There is nothing of so great importance to the sick as to know where to find a physician whose skill and humanity give assurance of proper and [illegible] treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in trouble to the invariable success that has marked the career of the Institute in the seventeen years of its existence.

It is unnecessary in this connection to enumerate all the complaints treated at the Institute, but the Doctor feels it his duty to call especial attention to that terrible scourge,

SEMINAL WEAKNESS,

That is sapping with its insidious [illegible] the very life of its [illegible] in the treatment and [illegible] of which the Institute has [illegible] an enviable a reputation.

GRANT AT QUINCY [illegible]

[From the Quincy Whig Aug 1[illegible]]

The city of Quincy never gained more honor for herself than by the hearty impromptu and enthusiastic welcome which her citizens gave to General Ulysses S Grant last Saturday evening. It was almost a revival of the patriotic war spirit of 1861 and an unmistakable evidence that the fires of [illegible] had been kept brightly burning. The unbounded enthusiasm of this popular demonstration was but the mutterings of the thunder [illegible] political sky which heralds the approach of the irresistible storm that is to sweep from sight every trace of [illegible] repudiation and Dem[illegible] joined together [illegible] the voice of the people [illegible] the masses and not the few have made he nomination, and they propose to place their choice—the conqueror of the rebellion—in [illegible] by a larger majority by tens of thousands than ever was given a Presidential candidate

CLOSING SCENES OF THAD STEVENS' LIFE

[Correspondence of Washington Chronicle]

On [illegible] Aug [illegible] while Stevens received a letter from Garrett President of the Baltimore and Ohio Railroad offering him the use of a special car to convey him home he appeared more gratified than I ever before saw him. He said he knew he was not able to go home in the regular passenger car and as the offer presented an opportunity for going home without being crowded he seemed very much cheered. On Thursday August 6th when Dr Carpenter went [illegible] him good bye he said he was so much better that if the doctor would stay another day, he [illegible] he should be able to go home with him. Dr Carpenter told him it would not be safe for him to go then, but that he might go in a few days

The next day (Friday) he said we should have to [illegible] for the present as he was growing weaker, and that it did not make any difference now whether he went home or not—we might just as well stay here. He said [illegible] He continued "I have pretty nearly wound up my business here I [illegible] my affairs nearly settled at the furnace and my proper [illegible] He intimated [illegible]

n Mobile, at the Democratic grand rally Monday, August 10

Comrades brothers year after year you bore the Confederate flag through fire and tempest, and upon more than two hundred battle fields covered it with glory. Your imperishable glory are intrenched in the impregnable fortress of the past and no power can dim their effulgence. Hate malignity and tyranny are impotent to transform patriots and traitors and heroes into slaves

The Democratic party offers the most [illegible] terms. It indorses principles for which you battled. If Radicals will precipitate a revolution, if they defy the popular will and in contravention of law attempt to maintain their [illegible] by force of arms, the army must yield [illegible] the national honor, and if maddened by lust of power and frenzied by an unhallowed ambition, they fire upon the flag of the Union, then may heaven shelter the heads uncovered in a righteous [illegible] and damned be he who first cries hold, enough!" The responsibility will not rest upon the national Democracy, but it will rest upon the [illegible] who would subvert the government to the unhallowed purposes of party

We want peace. Every pulsation of our hearts demands peace. We trust that the angel of God, descending from Heaven, will grasp upon American constitutional liberty the seal of Omnipotence, and swear by Him that liveth, war shall be no more. But anything may [illegible] than dishonor. Come war and [illegible] death in all its terrible array, rather than the slightest stain of dishonor. If war [illegible] in defense of the Union and the Constitution, patriots of the North and South will [illegible] around the proud ensign of the Republic, and planting it on the perilous edge of battle [illegible] around it to the [illegible] of death.

[From the Alexandria (Va.) Adv[illegible], August 24.]

Radicalism is on the defensive. It is [illegible] boastful it is true, but, even amid all its pretended confidence, it [illegible] at the storm it has evoked. The Democratic party is strong and determined enough to meet this [illegible] any field the latter may choose. With right and justice upon our side, [illegible] the old, decaying tyrant? [illegible] ing to its conclusion. The Democratic party has the moral and physical force [illegible] this organized infamy. If, in waging this war against it it should fail to strike down the [illegible] lifted against it it will be a cowardly party, indeed and it will deserve the chains that are the burden of spiritless and abject slaves.

SHALL THE FOURTEENTH ARTICLE STAND?

[From the [illegible]]

The amendment, proposed as the [illegible] article of the Constitution, has been [illegible] by the requisite number of States, and is as [illegible] part of the fundamental law of the land as any other part of the instrument. All the departments of the Government have [illegible] acknowledging its validity

The great [illegible] and which they must [illegible] at the [illegible] election therefore, is, Shall the [illegible] stand as a part of the [illegible] law of the land? It is the [illegible] acts of Congress. All the [illegible] upon it, including the new State Governments of the South. The overthrow of [illegible], Frank Blair says, is the real and only [illegible] the people

Seymour in his letter of [illegible] that he fully and [illegible] form of the convention which [illegible] that platform denounces the [illegible] as "revolutionary, unconstitutional and void." We know that this [illegible] had a fitting origin in the Committee on Res[illegible] inserted by the South Carolina [illegible] Wade Hampton, on whose motion they were adopted without a dissenting voice. "When I propose that clause," said Hampton [illegible] Charleston [illegible] *the North came* [illegible] *and said they* [illegible] CARRY IT FORWARD TO THE END.

Seymour and Blair have also pledged themselves to carry it forward to the "end." What end? To the "end" of an[illegible] and devastating civil war, of the [illegible] of public credit, and of the final [illegible] of the Union. That is the "end" to which the Democratic candidates have [illegible] Blair tells us how, if elected, he will [illegible] in the dust" the constitu[illegible] and the new State Governments of the South. Let us have peace.

The Northwest Boundary

Irving in his *Astoria*, in speaking of the Oregon boundary and the controversy which long existed between this country and Great Britain concerning it, remarks that "there is no pride so irritable or so jealous as the pride of territory This fact has received abundant illustrations in all ages and among all nations The controversy between the United States and Great Britain, which Irving was considering, has not yet come to a final settlement At a distance of twenty two years from the date of the treaty which it was supposed would conclude this matter between the two nations, the question still remains unsettled as to the right of possession of certain islands below the forty-ninth parallel, in the waters which separate Vancouver's Island from the continent The San Juan affair comes before the country again by the publication by order of Congress of the whole correspondence relating to this long-continued negotiation

The Oregon public will remember the commotion which existed here about ten years ago in regard to this affair, when it seemed probable that the dispute would involve the United States in a war with England. Gen Scott's mission here in 1859, and the arrangement which was made for the joint occupancy of San Juan Island by both Governments is also well remembered. Since 1860 the subject has slept, as it was not deemed advisable to pursue it during our civil war The last proposition by our Government, made in December, 1860, was that the question should be left to the arbitration either of Belgium, Denmark or the Swiss Republic, but no reply was ever made The questions at issue are therefore precisely in the shape in which they were nine years ago.

The dispute between the two Governments grows out of different interpretations which are given to the treaty. The first article of the treaty of June, 1846, provides that "From the point on the forty-ninth parallel of north latitude, where the boundary laid down in existing treaties and conventions between the United States and Great Britain terminates, the line of boundary between the territories of the United States and those of Her Britannic Majesty shall be continued westward along the said forty-ninth parallel to the middle of the channel which separates the continent from Vancouver's Island, and thence southerly through the middle of the said channel, and of Fuca's Straits, to the Pacific ocean." There are considerable islands between Vancouver's Island and the mainland, and the question at issue is, which is the channel contemplated in the treaty. The English claim that Rosario Strait, or the eastern channel, is the boundary, while the United States contend that the Canal de Haro is the main channel, and therefore the boundary which the treaty defines To run the line through Rosario Strait would give up to Great Britain the whole Haro Archipelago, consisting of the island of San Juan and six other prominent islands, besides many smaller ones. To run the line through the Canal de Haro would award this whole Archipelago to the United States The correspondence on the subject between the United States Boundary Commission and the English Commissioners is quite voluminous, and consists of a statement of the views of each side, with arguments to sustain them. The map and cross-sections of channels which accompany the report lately published by order of Congress, leave no reasonable doubt that the Canal de Haro, the boundary claimed by the United States, is the main channel It is not probable that much more time will be suffered to elapse before the negotiation is resumed. The islands will probably never be of any great value; but "pride of territory" is likely to make the question remain a difficult one for the two countries to settle

BY FRAUD AND GUILE,—A correspondent of the [illegible] who is a [illegible] Senator for Lane county, writes a letter in which he vigorously [illegible] the "[illegible]" policy of his party He wants the party to be more outspoken and earnest in declaring its purposes and objects, and the methods by which it would reach them. The editor deprecates such inconsiderateness, and tells his correspondent to hold on until they get power, when "he will go as far as the farthest in correcting the abuses" of which the correspondent complains "While we are powerless," the editor adds, "such discussions can have no other effect than to keep us in a condition of impotence for good or evil." To put it differently, an open avowal of the principles and objects of the Democratic party would insure its defeat, therefore it is counselled to wait till it gets power and declare its principles afterwards The editor and his correspondent are both aiming at the same results the difference between them is that the latter would go about the business in a straightforward manly way while the former would equivocate, falsify and try to do by indirection and deceptive means what he admits could never be accomplished if the people had full warning of the aims of the party

PEACEABLE REVOLUTION —In 1860 the rebels talked about "peaceable secession They denied that there was anything revolutionary in their action Their States were simply "resuming the powers they had delegated to the Federal Government " The proceeding was perfectly legitimate and could not result in war The seceding States, if attacked, would defend their rights of sovereignty and Northern Democrats were pledged to resist and defeat any such unconstitutional movement as coercion if attempted by the "Lincoln Government " Secession would therefore be accomplished "peaceably It is worth while to note that they who were talking about "peaceable secession" in 1860 are now talking about a "peaceable revolution" to overthrow reconstruction Equally impossible with "peaceable secession" is this undertaking, to bring about a "peaceable revolution" Does the past teach no lesson? Can these agitators and revolutionists never forget anything or learn anything never forget a single one of their follies or learn the smallest lesson of wisdom?

NEW YORK Aug 2 —London journals publish a correspondence between Seward and Lord Stanley on the subject of Fenian prisoners Warren and Costello Seward writes to Morran our *charge d' affaires* at London, requesting him to read his letter to Lord Stanley, to the effect that Congress had passed a resolution requesting the President to take such measures as shall appear proper to secure their release as having been convicted and sentenced in Great Britain for words and acts spoken and done in this country by ignoring our naturalization laws, and take such other measures as will secure their return to our flag with such ceremonies as are appropriate to the occasion He therefore urges the unconditional release of these prisoners

Lord Stanley in reply through Thornton says as regards the imprisonment of Warren and Costello, "I have to point to you that the allegation on which Seward's request was founded namely that they were convicted and sentenced for words spoken and acts committed in the United States rests on a local misconception of the facts of the case These prisoners were convicted of treason and felony at the Commission Court for the county of Dublin, held in October last, the most overt act proved against them being that they had come over to Ireland and cruised along the coast with the intention of effecting the landing of men and arms and in order to raise an insurrection against the Queen The evidence adduced against these prisoners during the course of the trial, of words spoken and acts done by them in the United States, was given strictly in accordance with the rules of laws as part of the testimony connecting them with a Fenian conspiracy which had existed in Dublin county, in which the court sat.

Capture of Four More Mail Robbers Escape of two of Them

DALLES, Sept. 4 —The following is per steamer *Yakima*, from Umatilla:

Four more of the mail robbers have been captured. One man named Wheeler was taken at Boise City, Savage and two others, at Owyhee One and a half miles from La Grande, about 9 o'clock in the evening, Savage and Wheeler, shackled, jumped from the stage and made their escape At eleven o'clock at night, Wheeler was found three miles from the place of his escape, mounted on a horse, using his coat for a saddle. Robbins, Deputy U S Marshal, shot at him, when he fell from his horse exclaiming, "For God's sake don't shoot me again," instantly jumping up and running away, making his escape again Fifty men are out hunting for them A reward of $500 was offered for their capture The prisoners were in charge of the U S Marshal, from Idaho, and deputy

We stated that Lee, Breckinridge, Semmes and their fellow rebels fought for slavery disunion and Democratic principles The *Herald* responds "If these gentleman fought for slavery, disunion and Democratic principles, they were fully justified by the laws of nations and of civilized society in fighting " This is one time since the war when the editor of the *Herald* has spoken his real sentiments as well as those of his party His Long Tom correspondent has evidently reconstructed him

The *Gazette* has had much to say of late concerning "carpet baggers " We have a profound respect for "carpet baggers "—During the late unpleasantness" the editors of the paper were "carpet baggers " Our carpet bags were marked "U S " So says the Helena, (Montana) *Herald*

This is the way the Union men conduct the campaign in Iowa Let every Northern family, now weeping in vain for one return of their soldier boy who is sleeping in a soldier's grave in the South remember that he was slaughtered by those who now support Seymour and Blair "

Gen Blair did not stop in St Joseph on Tuesday last week A vivid recollection of an experience with stale eggs in that city in 1862 probably influenced him to pass on though he should also have remembered that those who administered the eggs then are his supporters now

The Democratic candidate for the Vice Presidency, in his letter of acceptance says the issues of the contest "all resolve themselves into the old and ever recurring struggle of a few men to absorb the political power of the nation " Isn't this rather hard on the Blair family?

OREGON AND THE EAST —We had yesterday a lengthy conversation with Dr Loryea, concerning his trip to the Eastern States in which he detailed [illegible] upon Eastern people; their [illegible] or rather ignorance of Oregon; the reasons [illegible] state is not better known what has been done [illegible] doing and what may be done to make ourselves [illegible] to promote our general interests, etc [illegible] require [illegible] space to say here all the Doctor [illegible] but of the interesting facts he [illegible] stating at least a few

DIRECT TRADE WITH [illegible]

On the matter of direct trade [illegible] New [illegible] Oregon he says that Messrs Brockway & [illegible] own the line just put in operation there [illegible] the [illegible] Mr Mercer have a [illegible] vessels just about the right [illegible] trade and that they are more than [illegible] them in this direction if the O[illegible] patronize them Thus far, in [illegible] the [illegible] and the Orayn the orders of Oregon [illegible] been sufficient to make full cargo [illegible] been obliged to supply deficiencies with goods [illegible] own They do not desire to continue this [illegible] petition with Oregon importers, preferring [illegible] their vessels To avoid it, they are willing to [illegible] joint stock company with O[illegible] in the [illegible] business, asking half the stock [illegible] stockholders to own the balance (or more than half [illegible] want it) and to control the line. The [illegible] would furnish are all new and [illegible] tonnage from 500 to 1,000 tons [illegible] decline this proposal, they will still call at [illegible] as we will load. But this is not what [illegible] should own the line or a controlling part of it [illegible] we should be at no risk of [illegible] the line without somebody else's will

HOW THE CALIF[illegible] [illegible] IT.

The Doctor says that Cal[illegible] extremely hostile to the [illegible] of a di[illegible] that they have agents in New York who [illegible] left no stone unturned to [illegible] B[illegible] and [illegible] that the [illegible] shipper's intention to put [illegible] they [illegible] and try in every way to [illegible] sorts of [illegible] to ship via San F[illegible] [illegible] as far as to offer to [illegible] Portland by steamer, at the end [illegible] [illegible] This all [illegible] porters fully [illegible] If they [illegible] so much to [illegible] trade to Oregon, Oregonians can certainly [illegible] thing by carrying the project into [illegible] Orayn was loading, an attempt was made to [illegible] by setting a raft of [illegible] every was made as to who was the [illegible] attempt, but the general [illegible] was that [illegible] at the instigation of the California shippers.

[illegible] FLOUR AT THE EAST.

When Oregon flour gets east in good [illegible] anywhere along with the best [illegible] erally, for a little better price than Cal[illegible] of it, however, gets damaged by bad [illegible] a [illegible] way the ships' [illegible] improper freight. It is often packed in the ship with hides, from which it gets a taint [illegible] take advantage of this to [illegible] the flour. Dr [illegible] took with him some [illegible] from [illegible] and everywhere he showed it in New York, Phila[illegible] Boston, Chicago, etc.—it was pro[illegible] best they ever saw and they [illegible] but that it was made by some sort of [illegible] from and better than theirs. When [illegible] was shown them, they [illegible] and to manifest a desire [illegible] interest in O[illegible] products.

A FAVORABLE TIME TO AT[illegible]

Capitalists have for several [illegible] been [illegible] and best routes for the [illegible] able early completion of the Pacific [illegible] the treaty with China, and the visit of the [illegible] have quickened the attention of the [illegible] and moneyed men are beginning to stir in [illegible] for investment on the Pacific [illegible] trade with Asia, Japan, and the [illegible] this way If by any means [illegible] them of our situation with [illegible] [illegible] our numerous openings for profitable [illegible] ends and millions of dollars can be [illegible] Our productions, [illegible] cities this summer, [illegible] of Dr Loryea [illegible] and other Oregonians [illegible] as is shown by the [illegible] there or soon to arrive. [illegible] in Pennsylvania, and [illegible] of superior [illegible] men who came with Dr. Loryea [illegible] Mr H McK[illegible] the [illegible] of New York, [illegible] the New York agents of [illegible] & Co., [illegible] and the [illegible] shipments between [illegible] letter of [illegible]

The capitalists of New York and New [illegible] [illegible] the trade of [illegible] of the [illegible] road, in [illegible] on with north [illegible] assures us that if the [illegible] Oregon will give a [illegible] branch road, it will be [illegible] and survey upon [illegible] Maps of this [illegible] the Oregon [illegible] the Oregon will favor and aid the [illegible] obstacles in its way. The [illegible] Pacific Railroad Co. have [illegible] Emigrant Aid [illegible] [illegible] office in New York [illegible] all parts of the United States, and [illegible] the President, offers to give Oregon a [illegible] [illegible] office for a [illegible] products, and to aid in all [illegible] means known.

[illegible]

The Doctor assures us that O[illegible] in the persons of Gen. E. M. [illegible] and H Jacobs, formerly of Portland, who, [illegible] able ways, put in a good word for [illegible] faculty offers. On W[illegible] Charlie was rowing up the river in a skiff, he was [illegible] accosted by the Italian, who said to him "[illegible] I have got you where I want you," at the same [illegible] drawing a revolver Charlie picked up a [illegible] from the bottom of the skiff, when the [illegible] fired [illegible] shots at him Charlie then commenced firing [illegible] without taking aim The Italian fell down in his [illegible] Charlie then went ashore and told some men what [illegible] happened and requested them to go out and see the [illegible] They went out and found him lying on the bottom of his skiff dead with his pistol [illegible] him, two barrels empty. He had been hit three times One [illegible] showed that the ball entered at the back of the neck [illegible] came out below the left lung; another ball entered [illegible] left side and came out at the right side, the third [illegible] at the left hip and went through to the right hip. ORSEY AND THE EAST.—We had yesterday a somewhat lengthy conversation with Dr. Loryea concerning his trip to the Eastern States, in which he detailed some of his observations upon Eastern people, their knowledge, or rather ignorance of Oregon, the reasons why our State is not better known, what has been done, what is doing, and what may be done to make ourselves known and to promote our general interests, etc., etc. It would require too much space to say here all the Doctor talks, but of the interesting facts he presents we cannot forego stating at least a few.

DIRECT TRADE WITH OREGON

On the matter of direct trade between New York and Oregon, he says that Messrs. Brockway & Baker, who own the line just put in operation through the representations of Mr. Mercer, have a considerable number of vessels of just about the right tonnage and class for our trade, and that they are more than willing to employ them in this direction if the Oregon merchants will patronize them. Thus far, in loading the *Sallie Brown* and the *Oenyn*, the orders of Oregon merchants have not been sufficient to make full cargoes, and the owners have been obliged to supply deficiencies with goods of their own. They do not desire to continue this sort of competition with Oregon importers, preferring simply to sell their vessels. Toward it, they are willing to go into a joint stock company with Oregonians, in the shipping [illegible] as, taking half the stock themselves, the Oregon stockholders to own the balance (or more than half if they want it) and to control the line. The vessels which they could furnish are all new and staunch, and range in tonnage from 500 to 1,000 tons. Should our merchants decline this proposal, they will still sell as many vessels as we will load. But this is not what Oregon needs. She should own the line or a controlling part of it, and then we should be at no risk of seeing the line withdrawn at somebody else's will.

HOW THE CALIFORNIANS LIKE IT

The Doctor says that California wholesale shippers are extremely hostile to the project of a direct line to Oregon; that they have agents in New York who have thus far left no stone unturned to defeat shipments by the *Sallie Brown* and *Oenyn*; that the moment they get wind of a shipper's intention to put freight in, they go after him, and try in every way to discourage him, and offer all sorts of inducements to ship via San Francisco; in some instances going so far as to offer to deliver freight at Portland by steamer, at the cost by sailing vessels to San Francisco. This all shows that the California importers fully understand the value of the Oregon trade. If they can do so much to defeat the project of direct trade to Oregon, Oregonians can certainly make something by carrying the project into execution. While the *Oenyn* was loading, an attempt was made to burn her by setting a raft of combustibles against her side. No discovery was made as to who was the perpetrator of the attempt, but the general supposition was that it was done at the instigation of the California shippers.

OREGON FLOUR AT THE EAST.

When Oregon flour gets east in good condition, it sells [illegible] along with the best fancy brands, and generally for a little better price than California. Much of it, however, gets damaged by bad handling and [illegible] way the ships' people have of packing it with other freight. It is often packed in the ship's hold with hides, from which it gets a taint. California agents take advantage of this to decry the flour. Dr. Loryea took with him some samples from several of our mills, and everywhere he showed it—in New York, Philadelphia, Boston, Chicago, etc.—it was pronounced by millers the best they ever saw, and they could scarcely be persuaded but that it was made by some sort of machinery, different from and better than theirs. When, however, our wheat was shown them, they began to understand the matter, and to [illegible] feel a decided interest in Oregon productions.

A FAVORABLE TIME TO ATTRACT ATTENTION.

[illegible] have for several years been looking for the shortest and best route for the Asiatic trade. The probable early completion of the Pacific Railroad, the recent [illegible] China, and the visit of the Chinese Embassy, [illegible] the attention of the commercial world, [illegible] men are beginning to stir in good earnest [illegible] on the Pacific shores, foreseeing that the trade with Asia, Japan, and the East Indies must come [illegible]. If by any means information can be conveyed [illegible] with regard to the direct line of [illegible], our resources, our northern harbors, and [illegible] openings for profitable investment, thousands and millions of dollars can be secured here almost at [illegible]. Our products, ores, etc., exhibited in the [illegible] this summer, together with the representations of Dr. Loryea, Gen. Barnum, Capt. Kesler, Mr. [illegible] other Oregonians, have done much to interest [illegible] is shown by the number of visitors now [illegible] to arrive. The Oswego iron excited much [illegible] Pennsylvania, and after analysis and test, it [illegible] of superior quality. Two of the gentlemen [illegible] with Dr. Loryea, are here on iron business. [illegible] McKay, the managing agent of [illegible] York, [illegible] instructed by R. & J. Makin, [illegible] of [illegible] & Co., of London, iron and [illegible] to make special observations as to our iron [illegible] the [illegible] of establishing direct and [illegible] between Liverpool and Oregon. Gov. [illegible] gives two of our [illegible] letter of introduction: [illegible]

JOHN W. GEARY.

[illegible] AND RELATIVE MATTERS.

[illegible] of New York and New England are [illegible] question of railroads, in connection with the trade of Asia, and they favor a northern [illegible] bound via Oregon. Oliver P. Ames, [illegible] Union Pacific road, is a Boston man, and [illegible] northern capitalists, has a leaning this [illegible] that if the Legislature and [illegible] a guarantee of their good will to a [illegible] will be built. He directed the tour of [illegible] survey upon which Gen. Dodge is now en[illegible] this [illegible] survey will be fur[illegible] Legislature. All they want is to know [illegible] favor and aid the branch instead of [illegible] in its way. The lands of the Union [illegible] Co. have been thrown into a joint stock [illegible] called the United States Land [illegible] This company will open [illegible] in New York with branches and agents in [illegible] States and Europe. Mr. [illegible], [illegible] offered to give Oregon a department in the [illegible] for a representative and for exhibition of [illegible] to aid in all possible ways to make our re[illegible]

[illegible] OF OREGON.

[illegible] that Oregon has fast and firm [illegible] of Gen. E. M. Barnum, Capt. Kes[illegible], formerly of Portland, who, in all possible [illegible] a good word for us wherever an opportunity offers. One or the other attends nearly every [illegible] connected with the commercial interests [illegible] and [illegible] Oregon. Whenever they [illegible] Oregon products, and make speeches [illegible], answer letters of inquiry, and [illegible] to bring our State into notice. The Doctor says there is an astonishing degree of ignorance [illegible] our [illegible], but the force of recent [illegible] wedging us into public consideration, and the time is not far distant when we shall witness an [illegible] and an influx of capital of [illegible] magnitude [illegible] dreamed.

[illegible] AFFRAY.—On Thursday evening a man [illegible], generally called "Dutch [illegible]" by Mr. West and others of West[illegible], came up here for the purpose of delivering himself [illegible] upon a confession of having shot and [illegible] Alces Mitchell, near Oak Point. [illegible] of the killing as we learn them are [illegible]. There had been some bad blood [illegible] the part of the Italian, and the latter [illegible] threats of violence. On Wednesday, as [illegible] up the river in a skiff, he was intercepted by the Italian, who said to him, "Damn you, [illegible] where I want you," at the same time [illegible]. Charlie picked up a Henry rifle [illegible] of the skiff, when the Italian fired two [illegible]. Charlie then commenced firing his rifle [illegible] him. The Italian fell down in his skiff. [illegible] went ashore and told some men what had [illegible] requested them to go out and see the Italian. They went out and found him lying on the bottom of the skiff, dead, with his pistol beside him, two barrels [illegible] had been hit three times. One wound [illegible] the ball entered at the back of the neck and [illegible] the left lung; another ball entered the [illegible] out at the right side, the third entered [illegible] and went through to the right hip. After [illegible] that the Italian was dead, by advice of [illegible] went to Oak Point to deliver himself up, [illegible] reason no arrest could be made there, and [illegible] he came here. He has not been arrested, [illegible] stood that he will appear before Judge [illegible] morning for a preliminary examination.

[illegible]—Senator Williams and wife arrived on the [illegible] *Oriflamme*. He was met on the arrival of the [illegible] at the wharf by a delegation of friends, headed [illegible] member of the Union State Central Committee [illegible] from whom he received a most hearty [illegible] back to his home and the State which he has [illegible] years last past so faithfully and so ably represented in the Senate of the Republic. Senator Williams [illegible] as he will undoubtedly receive, a hearty reception from the Union Republican party in Oregon. We [illegible] him and his estimable lady a most cordial welcome.

[illegible] CHANGE IN HOTEL BUSINESS.—Messrs. W. B. [illegible] and Geo. B. Cook have purchased the interest of Mr. L. F. Arrigoni in Arrigoni's Hotel, and took possession [illegible]. The new landlords are young men who [illegible] to do the right thing, and one of them, [illegible], has had experience and flattering success in hotel keeping.

VANCOUVER ITEMS.—The following items are from the *Register* of yesterday: A correspondent says that Clarke county is $20,000 to $25,000 in debt. The Vancouver Seminary will open the fall term for the present year on Monday, Sept. 14th, with Rev. [illegible] as principal and Mrs. E. J. Hines as preceptress. Mr. P. Runey sends a dispatch from Albany, Oregon, with the pleasing intelligence that the next session of the Grand Lodge, I. O. O. G., for Oregon and Washington Territory, will be held at Vancouver, on the third Monday in October, 1869. The Vancouver lodges are represented at the Grand Lodge, now in session at Albany, by Messrs. Peter Runey, Peter Fox and Thos. J. Dobson. During the thunder storm of Wednesday evening one of the awful effects of lightning were strikingly manifested. A large tree which stood within the enclosure of the Ordnance Department, and within a hundred yards of the men's quarters, was struck by lightning, and literally shattered to pieces. Splinters the size of a man's body were picked up fifty yards from the tree. A man belonging to the Ordnance named Cupplemun was in the act of entering the quarters when the stroke occurred, and from the effect it had on him it is supposed he very narrowly escaped being struck by it. Simultaneous with the flash he fell, and was carried in insensible to the hospital, where his life was for some time despaired of. On Thursday morning he had recovered sufficiently to converse and is now considered out of danger, though it is feared his sight is seriously injured if not totally destroyed.

DALLES ITEMS.—We clip the following items from the *Mountaineer* of yesterday: General Whittier, Inspecting Officer of the Division of the Pacific, arrived in town from California via Camp Watson. Mr. George Gunderlach, a merchant of Canyon City, has shipped during the week, through French & Co., of this city, over two hundred thousand pounds of merchandise. Mr. Wm. Sherman has purchased the property of Victor Trevitt, Esq., situated on Mill Creek, and is erecting a building on the side next to the grist mill for the purpose of carrying on the tanning business. On Wednesday evening a terrible thunder and wind storm passed over our town. The lightning struck one of the telegraph poles just on the outskirts of town going towards Celilo, shivering the upper portion of the pole to splinters and killing a young steer, that was apparently rubbing itself against the pole at the time.

DEPOT SECURED.—The Directors of the East Side Railroad had a special meeting in this city this week. One item of business transacted was the purchase of land on this side for a depot. The grantors are the Oregon Iron Works Co. and Hayden, Smith & Co. The land lies between Water street and the river bank opposite the Oregon Iron Works.

ELECTION OF OFFICERS.—At a meeting of the Washington Guards last night, Mr. James Lotan was elected 2d Lieutenant vice Alex. Campbell, resigned, and Mr. S. V. Fuller 1st Sergeant vice Lotan resigned.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 623 AND 621 FRONT ST.
HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities, CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.
BEWARE OF COUNTERFEITS.
Each package bears the signature of G. VENARD.

WEEKLY REVIEW.

PORTLAND Sept. 4, 1868.

Gold quotations at New York [illegible] 44.

Legal Tender at San Francisco, steady at 69¾, buying and 70¼ selling.

[illegible] wheat at New York [illegible] the 31 quoted at $2 [illegible] but [illegible] at $1 20@1 22.

San Francisco Produce Market.—On the 2d, flour quoted [illegible] 21. Wheat—sales of choice shipping, $1 90 per cental, fair milling, $1 87½; range of market, $1 80@1 95. Oats, range from $2 40 to $2 65.

Local produce market, quiet with unchanged prices. Flour is extremely scarce and in temporary good demand. The same remark will apply to wheat. The supply of old seems to be thoroughly exhausted and as yet very little of the new crop has been received. Millers have thus far found it impossible to buy of quantities sufficient to keep their machinery going, and the consequence is that the market is bare of flour, with orders waiting. A few Victoria orders have within a few days been forwarded from here to San Francisco, our dealers losing the opportunity to make sales, through the impossibility of getting wheat from the country. Harvest having generally ended, wheat will very shortly begin to come in, and the scarcity cannot continue much longer. This condition of things accounts for the prices keeping up. As soon as the supplies begin to come in freely the quotations will be materially lower.

Bacon is scarce and in good demand. Prices have advanced a little. Butter and eggs are also scarce and wanted. Lard, in bulk, is one cent higher. Other produce quotations as last week. Trade generally quiet to dull.

There is little change in the merchandise market. Our dealers have been doing a fair trade during the week. Some complaint is heard that remittances from the interior dealers are slow, and there is some disposition to shorten the credits heretofore given. There is no complaint but that goods enough are wanted, but the trouble is the buyers are straining their credit. This evil is expected to be abated as soon as the stage of water in the rivers will admit of free shipments of grain. At present the shipments of goods to the interior are greatly out of proportion with the receipts of produce, a circumstance which must always bear hardly upon our city dealers.

Wholesale and Jobbing Prices.

TO ALL WHOM IT MAY CONCERN.

PORTLAND, Og'n, July 23, 1868.

As there are a great many people sick and dying of a disease called Cholera Morbus, I would call attention to the Chinese Doctor Jim. Having eaten green fruit I was taken very bad with the above disease, and lay insensible for four hours, when Dr. Jim was called, and in 20 minutes after he gave me the first dose of medicine I was easy and asleep. I believe that there is no other doctor on the Pacific coast that could have relieved me as quick as Dr. Jim did.

SOOTHING AND BRACING.—There is no preparation in existence which has such a soothing effect in cases of nervous excitement as

DR. HOSTETTER'S STOMACH BITTERS.

Although the fame of this renowned invigorant rests mainly on its astounding cures of Dyspepsia, Liver Complaint and Intestinal disorders, it is equally efficacious in nervous complaints. Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and lightens the depressed mental powers as well as strengthens the body, and its use is never followed by any unpleasant reaction. Sold by all Druggists and dealers everywhere.

PACIFIC TURBINE WATER WHEEL.

THESE WHEELS EXCEL ANY OTHER WHEEL in use, and are no infringement on the Leffel American Turbine, but excel it in every particular.

CAUTION.

To all whom it may concern:—One A. Myers is publishing and circulating a statement that my wheel is an infringement on the Leffel wheel, and he will "prosecute said infringement to the utmost extent of the Law." His statements are not worth a denial. His game is "Bluff," which, if he would only take the case to Court, would soon be played out. Don't believe him!

I would be glad to get a case into the United States Court and get a decision. That would forever stop the mouth of Myers and his misrepresentations. The legal opinions of more reputable lawyers than Dodge & Munn and A. Myers have pronounced my patents no infringement on the American Turbine. H. W. SHIPLEY.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life destroying maladies, see that they are cured for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, feted breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn-to certificates, dupe the unwary. Some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 282.

REMEMBER TO PUT BOX 282 ON THE LETTER.

Consultations FREE.

☞ Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*.

EXTINGUISHER
PORTABLE
[illegible]ELF-ACTING FIRE ENGIN[illegible]

THIS INVENTION HAS FOR ITS OBJECT T[illegible] extinguishing of Fires in a more instantaneous m[illegible] ner than has hitherto been discovered.

The advantages to be derived from the use of the E[illegible] TINGUISHER are as follows:

Every fire begins on a small scale, and its rapid and [illegible] controllable increase is owing to the fact that at the ti[illegible] of its commencement (when every moment's delay [illegible] checking it is of the utmost importance) no m[illegible] ready at hand.

The EXTINGUISHER is the only Engine that fills [illegible] requirement.

It is always ready for use though standing unused [illegible] years.

It puts out Fire instantly.

It saves the great deluge of water now used for this p[illegible] pose.

It is as effective in the hands of a Boy as the most [illegible] perienced Fireman.

It is portable, and as easily handled as a bucket of [illegible] ter.

It possesses within itself the power of a force pump, [illegible] as effective as a Steam Engine.

It is the only known invention that will put out F[illegible] from Kerosene, Tar, Naphtha, and combustible m[illegible] rials now in common use.
